Design Features

1. Fluid™ Concrete Finish

Incredibly strong yet relatively lightweight, EcoSmart's concrete products incorporate revolutionary Fluid Concrete Technology. Fluid features a stain and impact-resistant barrier that protects the concrete from environmental weathering – even under extreme conditions and long UV exposure.

Handcrafted Artistry

In a world where speed and automation dominate production, we take a different path. We cherish the irreplaceable qualities of handmade work, which is why each of our concrete tables are crafted by human hands with painstaking attention to detail.

2. Decorative Media

Models come with black glass charcoal to add the finishing touch. They do not emit any toxic fumes, smoke, or ash.

Surround Colours/Finish

Available in three Fluid™ concrete colours: Natural, Graphite and Bone.

Quick & Easy Installation

With no installation or building works required, simply unpack, put into position, and off you go.

3. Three Fuel Choices

Choose between plumbed natural gas, readily available propane, or our eco-friendly bioethanol fuel system.

Relocate with Ease

When you select Bioethanol or Liquid Propane as your fuel source you'll never be tied down! With zero hard utility connections, relocating your fire is a breeze. Entertain on your own terms with EcoSmart Fire.

Ground Fixing Brackets

Models come with fixing brackets for permanently locating into a fixed position.

4. Articulating Feet

Our Fire Pits and Tables feature 360° height-adjustable articulating feet, so you can achieve a perfectly level and stable model before operating the fireplace.

Global Compliance

This model complies with existing standards in the USA, Europe, UK and Australia. O-TL listed to UL 1370, EN 16647 BSI Certified and ACCC Safety Mandate compliant for bioethanol burners. LP/NG burners are UL/ULC listed to ANSI Z21.97-2017 and CSA 2.41-2017, and Gas Appliance Regulation 2016/426 as it applies to EU (CE) and UK (UKCA).

Accessories

Included

Decorative Glass Media

Our decorative Black Glass Charcoal is made from high-quality tempered glass.

Jerry Can with Safety Spout and e-NRG* bottle adaptor

Jerry Can allows safe storing/decanting of e-NRG ethanol. The e-NRG adaptor connects the Safety Spout to an e-NRG fuel bottle.

Lighting Rod & Lighter

The Lighting Rod is designed to safely adjust the slider position on the burner. It is also used for the ignition procedure.

AB8 Efficiency Ring

Placed over the internal burner vent, it serves to increase the efficiency of the burner as well as further stabilise the flame.

E: Ethanol models only.

Optional

Glass Fire Screens (R20)

Screens help to minimise the impact of wind on the flame and reduce fuel consumption.

All-Season Cover (RT40.L)

Protect your investment with our water-resistant custom outdoor cover, featuring PVC cones to prevent water pooling and fit models with a Glass Fire Screen.

AB8 Silicone Burner Cover

Placed over the burner, the black silicone burner cover protects the burner from the elements when not in use.

Glass Cover Plate (R20)

Enables fire pit tables to easily be transformed into a usable coffee table surface.

Floor Mat (RT40.L)

Heat-resistant silicone mat placed beneath your fire table for added surface protection. Recommended for porous surfaces (timber, natural stone, unsealed concrete, or carpet) to help prevent moisture buildup.

Tank

Perfectly sized to discreetly hide a propane tank while also doubling as a functional side table or stool. Available in painted and raw concrete colours, or natural teak wood.

*e-NRG not available in all countries.
